

CALLING ALL MAKERS!

WE ARE OFFERING 4 CAMP SESSIONS THIS AUGUST.
WE ACCEPT 12 CAMPERS PER SESSION, AGES 3-8

ENROLLMENT: LITTLESCHOOLONTHEHILL.ORG
6459 GERMANTOWN AVENUE PHILADELPHIA, PA 19119

SESSION I: AUGUST 3RD-7TH, 2026 THE FLOOR IS LAVA: BUILD, BALANCE, AND BRAVE THE COURSE

What is lava—and why is it so hot and powerful? We will explore the science of volcanoes while turning our outdoor space into the ultimate adventure course. Using our zipline, found materials, lumber, stumps, crates, planks, ropes, and other loose parts, we will design and build pathways, stepping stones, bridges, and balance challenges to help everyone travel safely across the “lava.”

SESSION II: AUGUST 10th-14th, 2026

Monument Makers: Big Ideas, Big Landmarks

We will explore some of the world’s most amazing landmarks, from the towering [Statue of Liberty](#) to the iconic iron lattice of the [Eiffel Tower](#). We’ll experiment with balance, height, and structure as they build tall towers, bridges, and imaginative landmarks, using blocks, cardboard, recycled materials, paper mache, clay, and loose parts.

SESSION III: AUGUST 17TH-21ST, 2026.

MOSAIC MAGIC

We will create mosaics using a wide variety of materials — colorful paper, tiles, natural treasures, recycled items, and found objects—discovering how different textures and shapes can fit together to form something new. By the end of the week, campers will see the magic of teamwork and creativity as their individual pieces come together to form something wonderful.

SESSION IV: August 24th–28th, 2026

HABITAT, HABITAT...HAVE TO HAVE A HABITAT

We will explore the amazing places animals call home! From forests and ponds to deserts and gardens, we’ll discover how different habitats provide animals with food, water, shelter, and space to grow. We will become nature designers and builders, making our own miniature habitats using natural and recycled materials.
